This is a very large, successful towing facility located in college town. Certified for light and heavy duty towing (they do not do AAA Towing), fully computerized with towing software, this company is positioned for continued growth. Being in a college town, there are always illegally parked cars. The owner has been selective in his hiring practices, this has proven to part of his success. The majority of his employees have been with for more than two years. The Company is being sold with all the equipment (there will be no debt on the equipment).
